

IT SOLUTIONS FOR INFRASTRUCTURE

HIGHBAR
TECHNOLOGIES

Our Differentiators

Highbar Technologies, an HCC group company, is positioned to be the most preferred information technology solutions provider for the infrastructure industry. The Company's portfolio of enterprise business solutions, line of business IT solutions and process consulting is aimed at increasing efficiencies for Roads, Ports, Real-Estate, Airports, Railways, Irrigation & Water Supply as well as Urban and Industrial Infrastructure (Telecom, Mining), both, in the private and public sector. Infrastructure domain knowledge backed by IT expertise and strategic alliances are the key differentiators which enable Highbar Technologies to provide end-to-end IT solutions for infrastructure organisations.

The main advantage of Highbar Technologies as an IT partner is that it treats IT deployment as 'business transformation' initiative instead of pure technology implementation. Some of our key differentiators are:

- Domain + IT expertise
- Industry specific solutions
 - a. Infrastructure industry templates
- Transformation Management
 - a. Support till IT work culture adoption
 - b. Customized trainings
- Strategic alliances with global leaders
- Nimble, agile, focused, success hungry organization
